

# REBOOTS GO LITE

## SMART RECOVERY FOR ON THE GO

The smart and battery-powered Reboots Go Lite device is **smaller, lighter, and quieter** than any comparable device currently\*\* on the market. With up to **180 mmHg**, the new addition offers enough power for a successful regeneration. It also features a connection to the new Reboots app, which allows convenient control of the device via smartphone. At a price of 499€, the Reboots Go Lite Recovery Boots enable effective regeneration at the best price-performance ratio. **NEW:** Now available with the new **Pants 2.0** for the best best price-performance ratio and an improved recovery!

\* **14. December 2021**
